Invited Speakers

- **Valeria Nicolosi** Trinity College Dublin, Ireland
- **Thomas Heine** TU Dresden, Germany
- **Andras Kis** École Polytechnique Fédérale de Lausanne, Switzerland
- **Andres Castellanos-Gomez** CSIC, Spain
- **Alessandro Molle** CNR Institute for Microelectronics and Microsystems, Milano, Italy
- **Georg Düsberg** Bundeswehr University Munich, Germany
- **Claudia Backes** University of Kassel, Germany
- **Ernesto Joselevich** Weizmann Institute of Science, Israel
- **Doron Naveh** Bar-Ilan University, Israel
- **Christoph Gadermaier** Politecnico Milano, Italy
- **Paulina Plochocka** LNCMI, Toulouse, France
- **Robert Kudrawiec** Wrocław University of Science and Technology, Poland
- **Jonathan Coleman** Trinity College Dublin, Ireland
- **Francesco Bonaccorso** Istituto Italiano di tecnologia. Genoa, Italy
- **Ursula Wurstbauer** University of Münster, Germany
- **Jooheon Kang** SKKU, Seoul, Republic of Korea
- **Saptarshi Das** Pennsylvania State University, USA

Flatlands beyond Graphene has successfully established a platform for scientists to engage into fruitful discussions and exchange the latest discoveries in two-dimensional materials beyond graphene. This includes advances in synthesis, characterization and theoretical modeling, and the applications in electronics, energy storage, catalysis and optoelectronics.

Conference fees (including 21% local VAT)

•Student: 500 EUR

•Standard: 600 EUR

Conference fee includes welcome reception party, conference lunches and dinners, conference reception on Sept, 27th.

[Venue](#)

The conference will be held in The Congress & Wellness Hotel Olšanka SUPERIOR.
Táboritká 1000/23, 130 00 Praha 3-Žižkov

About Us

Conference is organized by University of Chemistry and Technology Prague, research group of Prof. Zdenek Sofer.
